Ranking Manager is a statistical analysis tool which will help you analyze the top results from the major search engines. It will help you identify significant patterns, find problems areas and help you fine-tune your own pages by comparing these to the top results. A well placed entry in the top search engine results can drive thousands of new visitors to your web site. But how do you get your page to the top? You need to know what makes a page rank well, how an engine prioritizes results and use that knowledge to fine-tune your own pages for optimal placement. Ranking Manager provides an insight into what the major Search Engines such as Google, Lycos, LookSmart, MSN, Yahoo, whatUseek, Ah-Ha, Teoma, Alltheweb and many others look for when indexing and ranking websites. Ranking Manager is available in English,Dutch, Chinese, Greek, Italian, French, Japanese, Swedish and German. Ranking Manager is part of the SEO Toolkit
