UberChat allows you to instantly communicate with your website's visitors. The beautifully modern and easy-to-use interface is very intuitive and allows your visitors to contact you whenever they need to – ultimately generating better leads for your business. UberChat also comes with the unique feature of having a Windows-based client included out-of-the-box – giving you a beautiful, native interface to actively engage your website's visitors through operator-initiated chats. Not using Windows? No problem: of course, UberChat also has a fully-featured web-interface that you can use from within your WordPress admin. The interface provides you with all of UberChat's functions.
