Renting a private jet isn't something that you do every day. So it is no wonder if you are clueless about how to get started with such a proposition. Who do you contact? How much is it going to cost you? These and other questions might make you wonder if this task could be too tough to handle. But fear not, because Uber for Private Jets is here. This friendly app helps you get in touch with aircraft rental companies, and hire a private jet of your choice. If you utilize this service to build a business for your community, you could easily rake in a nice sum of commissions on every rental you process. If any queries, Add me up on Skype - theerthagiri
