

# Under Construction Pages Pack

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

It has a custom image that you can change quickly, that fits nice with every resolution and you don't need to blur it, the CSS will do that for you automatically. The reflection also it's done by CSS :) It has a nice countdown and uses Google fonts. Guess what, even if your website isn't live and you're using an Under Construction page, you can keep in touch with your visitors by the subscribe bar, using Mail Chimp services.
