UPS Track shipping module for LiteCommerce

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The UPS Track shipping module for LiteCommerce allows you to provide up-to-the-minute shipping status reports to your customers right from within your online store. Such feature encourages your customers to return to your shop and track their shipments or check the delivery status of their orders. There are the following options available in the tracking activity records: * Origin and destination addresses * Pick up and delivery dates * All UPS locations where the shipping label was scanned * Current location of the shipment * Current status of the shipment: In Transit, Delivered, Exception, Pickup, Manifest Pickup
