Urban Company Clone Scripts

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Customers can use the Urban Company Clone to rapidly connect with service providers. All they have to do is sign in and provide all of the essential information. The app will provide a selection of services, and clients can select any services they require at the time. To be included on the app's list, the professional must complete a rigorous training curriculum. Customers can quickly connect with their service providers thanks to the advanced match-making algorithm in the search.
