Vembu StoreGrid is an innovative, trusted intranet peer-to-peer backup software to backup desktop and laptop data with no additional storage hardware. StoreGrid leverages the free space in your existing network of desktops and copies one PC's important data redundantly into other PCs in the network forming a "Desktop Storage Grid". StoreGrid Benefits 1. Reliable desktop backup and laptop backup software at an extremely affordable price 2. No need to buy additional dedicated storage hardware. 3. Continuous backup as users work. Near real time data protection. 4. Built-in data redundancy with the "Desktop Grid". 5. Least intrusive technology. Consumes minimal CPU and memory. 6. Easy to use browser based graphical user interface.
