

Vibe SEO Pack – WordPress Plugin

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Vibe SEO Pack is a powerful and easy to use search engine optimization WordPress plugin. You can set up: Homepage keywords and description, Author and “Revisit After” meta tags, category names to be used as keywords, optional keywords and description for articles and pages, but also automatically generated by the plugin, to set which pages to have noindex tags or which links to have nofollow attribute. Major difference between Vibe SEO Pack and other out of the box WordPress SEO plugins is that you can add your Google Analytics code and Google Webmaster tag with just a copy and paste in your web page without editing a single line of code and same is for all other options.
