

## Video length & size

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This script allows you to extract the duration of a video file using the ffmpeg command within the php passthru function. It then displays the result in the hours:minutes:seconds format onto the browser along with the video size in Mo.
