People tend to perceive images much better and faster than text information. Visualize Your Attributes extension for Magento will liven up your product descriptions and make your customers' shopping experience much more pleasant. This extension is great for displaying warranty signs, show brands/manufacturer logos, moneyback icons, various product qualities like fragility or product care tips, and any other information that can be visualized. Visualize Your Attributes features: Images can be displayed at product list pages, products view pages and in layered navigation; Admin can add, replace and delete images; Icon images can be uploaded for every option of single-select and multi-select (dropdown) attributes; Provides better control of attributes visualization in the layered navigation; 100% Open Source
