

VisualSoft Cart

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is a Cart component that provides store-front "cart-tools" which integrate with e-commerce sites for generic shopping cart manipulation. The technology used to create VisualSoft CART is based 100% on Microsoft Active Server Pages. The component enables adding to, removing from and replacing items in the shopping cart while the customer continues shopping or even before placing an order. Flexible shipping options including shipping by weight, total cost, number of items and more.
