webClassifieds Signs and Flyers Plugin

Address Contact Person Mobile Number Email

{value_address} {value_contact_person} {value_mobile_number} {value_email}

The Signs and Flyers Plugin is a module to our classified ads software that acts a promotional tool that your members can use. The plugin allows members to create printable promotional flyers that they can distribute in their local area. This module not only helps members promote their ads, but it will drive more traffic to your site, since your members will be promoting ads that are listing on your classified site!
