

WordPress Access Control

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

WordPress Access Control is a plugin designed to integrate into membership sites where certain pages, posts and custom post types should only be available to members of the site. The plugin offers fine tuned features for this purpose, including the ability to set site wide defaults and override these on a per-page basis.
