Maintaining a huge stack of photos on the website is easy with Photo gallery plugin. However, showing the gallery of images in an enticing way that fascinates the viewers is challenging. Beautiful effects with convenient navigation are significant factors to be considered in an image gallery. We offer a fresh approach to create photo gallery for your WordPress website. The Apptha Slider gallery is an easy to use extension which creates a novel photo gallery for boundless images in no time. A unique feature of the Apptha Slider gallery is the banner slider of the images. The slider displays the most featured, recently added photos with sliding thumbnails below the banner. The plugin allows setting the size of the album image, the full view image and the thumbnail image to any desired size.
