Every single day from day one, your wordpress blog is under constant attack from good, bad, and just plain ugly bots. These bots can be doing anything from duplicating your content to spamming your post with low quality junk comments in an attempt to get an easy back link. These nasty little bots can turn your quality wordpress blog into a wasteland of spam comments while they steal your hard earned content and spread it to hundreds of competitor blogs. WP Bad Bot takes this PROBLEM and turns it into an ADVANTAGE!
