GeoDirectory is the most sophisticated and scalable business directory plugin for WordPress. It can be used to create directory for any kind of categories such as: Hotels, Restaurants, Doctors, Lawyers, Pubs & Bars, Golf courses or Marinas. It is totally customizable, so you can create a directory for anything that comes into your mind, even listings without a phisical location, like websites or service providers. All listings come with : 1 an interactive map powered by Google Maps or OpenStreetMaps (for countries like China). 2 a professional review system 3 related listings tab 4 unlimited custom fields 5 plenty of space for ads and banners
