WordPress Fixed Widget Area

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Now, the admin of WP blog can easily drag and put the widgets of their choice to their website easily without scrolling up and down to search for the desired place in the widget area to place the dragged widget. The "fixed widget area" WP plugin freezes the right side widget area and make it convenient for the admin to drag and drop the desired widgets in the right side widget area without scrolling the page up and down.
