Mobile Number	{value_mobile_number}
Email	{value_email}

WordPress Force Like Plugin allows you to require your visitors to like a facebook page before revealing the page/post contents. For example if you have a valuable coupon code, download link, a picture or simple text which you would like to show only to fans, this plugin is just for you! Get viral traffic by requesting a like before revealing your content. Extremely easy to install just like any other Wordpress Plugin. No API keys required.
