<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

WordPress Text(font-size) Zoom Plugin is a perfect tool for your website. This WordPress plugin gives the website visitors opportunity to re-size the predefined areas just hovering the mouse over it. The plugin has forty- two different styles for zoom. It gives you possibility to change the order of zoom out, zoom in and 100% icons in different positions and also write words instead of icons. When the installation is completed and the plugin is activated you can see a menu on the left called "Zoom". Here you can change the parameters. WordPress text(font-size) zoom plugin works on all themes.
