<b>Email</b>	{value_email}

If it is all about adding videos to a WordPress site, Apptha's Wordpress video gallery plugin is the absolute to rely upon. The plugin when installed on your site offers the facility to add and control a cluster of videos to your WordPress site in an efficient way. WordPress video gallery has an inbuilt HD Flv player that happens to be a strong ingredient for its high definition video quality and further it is compatible with HTML5 and mobile browsers. It also has a gallery format with various modules such as recent videos, popular videos and featured videos. The gallery plugin also has the facility to control the number and order of the videos from the back end. It includes features like social networking comments from the gallery page, provisions to alter width, height, theme, skin, aspect ratio, volume, downloads and few more. WordPress Video Gallery enfolds all necessary features that could be seen in most of the popular video sharing sites.
