WP Contact Pro - Free Plugin

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This useful Wordpress Plugin lets you turn your list subscription form into a contact form on your WordPress blog. This subscribes users to your blog without them actually filling out a boring subscription box! Note: When using ths plugin you will want to turn on 'double opt-in' so that a person still has to confirm their subscription, otherwise you may have issues with your list subscription service.
