WP HTTP Compression

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This plugin allows your WordPress blog to output pages compressed in gzip format if a browser supports compression. HTTP compression generally means a 60-80% REDUCTION in the size of your pages (broadband usage) as well as an INCREASE in download speeds of 3x to 4x
