Mobile Number	{value_mobile_number}
Email	{value_email}

“WP Secure Links” is a WordPress Plugin that helps you offer downloads safely and securely. The Download Links created by “WP Secure Links” cannot be copied or distributed. You can create a download area on a WordPress Page. A short tag in the WordPress editor helps you add secure links to downloadable files on WordPress Pages and Posts. WP Secure Links is the WordPress version of my other product “Secure Download Links” and essentially has all its features. “WP Secure Links” Applications
