

# WP Ticket Professional

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

WP Ticket Professional is a WordPress Plugin which enables customer support staff to receive, process, and respond to service requests consistently and effectively. WP Ticket Professional allows to: \* Define, categorize, tag tickets for efficient problem resolution. \* Assign responsibility and monitor resolution progress. \* Monitor service performance and control service costs. \* Role based content access for customers, managers, and staff. \* Deliver insight with built-in or custom detailed reports. \* Create custom email notifications to keep customers and employees updated.
