X-cart Add on Module: Froogle Export

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This x-cart add-on exports a data file of all of your publicly available products. The data is cleaned up and full images paths are created in the correct format for uploading to google's ecommerce search engine "froogle.com." Works with HTML descriptions, detail or thumbnail images. Our froogle export will give you the most options available to get your products listed correctly.
