

# X Pay Pro Multi Level Spread Pay Cycler Script

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

X Pay Pro is a fully featured script which includes everything the discerning administrator could ever wish for to make the script both powerful and easy to configure to however you want it. Nearly every feature is optional, meaning that you can enable or disable features at the click of a button. It really doesn't get much simpler than this. There is no need to be an expert at html or web design as all the page content can simply be added from the control panel or the whole look and feel of the site can be changed at the click of a button by changing the template. Statistics and other information can be displayed in a page or email by including any of the pre-configured information tags that are readily available for inclusion. Check out the X Pay Pro Main Site and Members Area demo then take a look at the Admin Control Panel demo and give it a test drive. We know that you wont be disappointed with the wide array of features that are included in our script.
