xcClassified is a full featured classified ad manager for your website. xcClassified is designed to seamlessly integrate into your existing website. It is user friendly for both your website visitors, and you as an administrator. User features include: Users must register to post, status emails when ads posted and when they expire, email an ad to a friend, does not give out email addresses of posters, and users can edit their own ads. Admin features include: Support for unlimited categories and subcategories, Ads can be moderated or open, Emails are easily customized, Easy configuration of the script, Individual ads can be edited and deleted easily, Admin sets a maximum number of days that ads can run, and more. xcClassified can function stand alone, or can integrate with xcAuction or other XCENT eCommerce software for even greater flexibility.
