A complete web site link index and rating system that has many features and looks great. Easily integrates into your existing web site design so you can create a custom portal site for any topic. Provides many features, such as: Hit Counters; User Ratings; Featured Listings, Broken Link Reporter, Automated Link Checker, Link Statistics; RDF XML support and more. Create your own Yahoo style directory in minutes. xcDirectory comes in a Standard Edition with all the above features, and a Pro Edition that adds even more features, like: User Link Management, Favorites, billing for listings and related features.
