XML countdown

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

A simple modern countdown counter. You can change date and color of counter via XML : - setting a date to which countdown is set - setting color of buttons (fields redOffsetButton, greenOffsetButton, blueOffsetButton in XML) - when you change those values (0-255) you will change the color of buttons. - setting color of background of countdown (fields redOffsetBack, greenOffsetBack, blueOffsetBack in XML) - when you change those values (0-255) you will change the color background.
