Have you launched a new site, new product or a new venture? Do you plan to send survey forms to your users? Forget it! Our research shows that only 10% of your users will actually fill your survey. Most of your audience has ideas that will not fit into your standard survey. ZenOpinion makes it easy to collect feedback, prioritized by votes, from your users with the help of our next generation forums. Using ZenOpinion you will know exactly what your customers want. Feedback is essential to ensure your product/site development is in the right direction and ZenOpinion enables you to do exactly that. It is fast, simple and integrates with a dozen existing software like Joomla, WordPress, Drupal etc. Your users will not have to login twice to leave an opinion. Using our advanced and beautiful management system, managing and organizing feedback is as easy as 1-2-3.
