Zone Coaster's Search

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Search is a simple search engine for those who would like users to be able to search their pages but don't need a heavy-duty search engine. It searches any directories you specify and any file types you specify. It also supports case-sensitive and case insensitive searching, extracts the actual title of the page and displays that as a link when the results are displayed and counts number of matches in each file.
