

## Active Asp Overture Keyword Extractor Multi Region

Address {value\_address}

Contact Person{value\_contact\_person}Mobile Number{value\_mobile\_number}

**Email** {value\_email}

This little ASP script will allow you to pull the overture (tm) search results directly onto your own webpage. Simply enter your keyword or search term and press submit to find relevant and sometimes quite surprising results associated with your keywords. Its an excellent tool to find -negative- as well as positive keywords to bid on in Adwords, Overture or Espotting. Now supports UK, USA, France, Germany and Japan Overture websites.
