

# Additional Checkout Attributes

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

FME brings its customers another splendid solution which allows you to add as many custom fields as you would like to Magento's default checkout steps extremely easily and quickly. It supports multiple input types for custom defined fields such as Checkbox, Radio Button, Text area , Date and many more with freedom to position them anywhere such as on top, middle or bottom. In case only text messages are to be shown on any checkout step, it successfully can do that. Admin can view information received through custom fields at the backend in order section while customers in their accounts. Custom checkout fields can be assigned to a specific product, category or user group. Not limited to this but "Additional Checkout Attributes" Magento extension enhances your checkout performance with its highly optimized code.
