Address Indicator Extension

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Are you running an e-store having loads of products and a decent flow of sale and loyal customers? Probably you still need some more features and functionalities to add to your e-commerce site to offer improved buying experience to your customers. Integrating our 'Address Indicator' extension your customers will now be able to add their residential as well as commercial address while purchasing online. This extension enables the buyer to add new residential or commercial address while checking out for billing and delivering of products.
