

Argala Guestbook

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Argala Guestbook is a guestbook program that once you install it on your website, your visitors can leave you messages. In order to have a consistent style in your site, you can design your guestbook layouts by your web page authoring tools. The program reads those pages and inserts the necessary HTML tags into them. Your visitors may have an impression that the guestbook program is designed by you.
