Asp.Net Multi Image Uploader and Resizer

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Create thumbnail images and unique file names for your images. Set your custom upload asp.net button. Upload 1 or more image at the same time. For this you need to change UploadCount variable. Change the quality of uploaded images. Use your own File Upload controls and buttons.
