

BNB Survey Script

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

BNB Survey allows you to construct survey forms based on radio buttons. It allows for up to 20 possible answers per questions, with unlimited number of questions. After voting, a person will be shown the current tally of the survey. It can also be configured to prevent multiple votes by the same person close together.
