Boardwalk Finance is a complete business solution, allowing web-based management on an integrated, centralized platform. It includes: PRODUCT MANAGEMENT, SHOPPING CART MANAGEMENT, service management, contact management, project management, contract management, quote management, order management and invoice management. Using Boardwalk Finance, you can utilize one solution to fulfill customer orders from start to finish. It also provides for inventory management and stock controls, as well as client/vendor tracking. Get it all as one configurable, customizable, and affordable software package. Send e-mails to any contact in the system (or group of contacts). In addition, Boardwalk Finance integrates with our other web-based software packages for: SHOPPING CART, time sheets, help desk management (CRM), asset management, Just-In-Time (JIT) Inventory Planning, calendars, project manager, sales force automation and web statistics. Source code included and allows for UNLIMITED USERS.
