

Cool Content Pager

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

With this control you make it easy to divide your content over multiple mini pages. It give you the possibility to: * Divide your content over multiple inline pages * Navigate to pages directly * Show page numbers (yes/no) demo * Enable browser history feature (allows users to use the back button of the webbrowser) demo * Change the Arrow and Page color * Auto-adjusts to Right-to-left languages (f.e. Arabic) Like all our products it comes with a quickstart and a demo solution.
