CSS Support Redirect

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Cascading Style Sheets (CSS) are supported in version 4.0 and new browsers. So, you can easily redirect visitors to your site who have CSS (those with version 4.0+ browsers) to your CSS page, and send everyone else who doesn't have CSS to a normal page without CSS.
