

Digatalus CMS

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Digatalus CMS is a new kind of CMS. The focus of this open source project is usable software as opposed to endless lists of features. We added a very flexible API to this base so you can customize virtually any aspect of the system. This creates a simple and elegant platform that you can use for a wide range of sites and requirements.
