

Download Amazon Products and Orders

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

With this extension you will be able to download orders created on Amazon and products from your inventory on Amazon Seller Central. This module requires that Magento's cron is running because it downloads the data asynchronously. You have to be a Pro Merchant in order to use this extension.
