

Easy Chat Page Generator

| | |
|-----------------------|------------------------|
| Address | {value_address} |
| Contact Person | {value_contact_person} |
| Mobile Number | {value_mobile_number} |
| Email | {value_email} |

EZCHATPG allows your visitors to build their own chat page (aka chat room) on your site by simply filling in a few fields and selecting a color scheme. The html-based chat room created is immediately available for chatting. Each chat page is powered by a special version of Matt Hahnfeld's everychat script (modified to serve multiple users and chat rooms).
