FlashControl is a free ASP.NET 2.0 server control which allow you to add swf Flash movies in your web forms. It manage all Flash properties (FlashVars, Loop, Menu, Scale, BgColor, SwLiveConnect, Quality, Play, Base, Align, SAlign, WMode, ...) and has full Visual Studio 2005 designer support (Smart Tag, Custom Designer, Custom Property Editor) ! With FlashControl you can target specific HTML output : Internet Explorer Windows (object tag) and/or Netscape/Mozilla, IE MAC (embed tag) or use Automatic browser detection (FlashControl will automatically choose to render object tag or embed tag depending on browser capabilities).
