

Formatting Background, Font, and Sticky Selection in Dropdowns

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This script sets font face, size, color, style and background color in dropdowns. Optionally, you may set sticky selection, which changes the action of the dropdown slightly. Great for getting larger fonts for emphasis or for the visually impaired -- or just to dress up otherwise bland dropdowns.
