FraudLabs Pro osCommerce Add-On

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

FraudLabs Pro osCommerce add-on screens every purchases transacted by customer, including paypal or credit card transaction. It won't affect the existing payment gateway add-on that you have installed and activated, as we only collect the necessary information for our fraud checking behind the scene. The add-on will then display the fraud check result on osCommerce Admin's order page. You can review the result and determine the next course of action.
