Handy Backup is an easy-to-use yet powerful backup program designed for Windows 9x/NT/2000/Me/XP. It makes an automatic backup of your critical data virtually to any type of storage media: hard or network drive, CD-R/W, FTP or LAN. Special plugins are provided to facilitate the backup of ICQ and MS Outlook data. Strong file encryption and multichoice zip compression on the fly as well as many other useful features will protect your valuable data.
