Hixus Keyword Inventor

Address Contact Person Mobile Number Email

{value_address} {value_contact_person} {value_mobile_number} {value_email}

Hixus Keyword Inventor is a little free tool wich will help you with the old good search-engine optimisation process. All this tool makes is to downgrade the number of clicks (or Alt+Tab combinations) when looking for good popular keywords using inventory.overture service and to generate text or html report.
