

How to create a Cloud Service with Windows Azure

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Today I'm going to show you how I created a cloud service with Microsoft Windows Azure. It's pretty easy, and the tools are great to work with. I am putting the code up on GitHub if you want to extend or experiment with it
