

HTML5 Favicon Maker

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Favicon Maker is a fully functional GUI icon editor for your site. You can create your own Icons, edit existing icons, save them and have a lot of fun along with customizing the look and feel of your favicon! Also, you can convert icons from PNG to ICO on your server without installing Image Magick! There is also an inline preview feature, which shows you how your Favicon will look, as and when you edit it!
